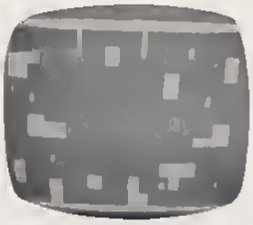
TANKERS

Patent Pending

Combat-ready. You're ready for any kind of action with new TANKERS. Your mission is to seek and destroy the enemy—but watch out for the mines. Suddenly, cannon fire from the enemy tank! You turn, line up for a return shot—fire! It's a miss! You reload, maneuver for closer range. Shoot! You've got to get him before he gets you. Another shot! This time it's a hit—the enemy tank blows up. You've won! You can't relax though. Within operator-adjustable game time, you have to score as many hits as possible to win the battle.



Battle-tested. TANKERS is built to see heavy action. All solid state circuitry, fully tested I.C.'s, a full year warranty on the computer board and rugged construction keep TANKERS a profit winner day after day. Attractive, low profile cabinet design means TANKERS is a winner in any location, too.

Behind-the-lines support — in 24 hours! TANKERS is built to stay in the fight. Replacement and repair parts are available on a 24 hour schedule—anywhere. Ease of access for maintenance and easy access to coin box means built-in reliability, unbelievable support, and consistent earnings without problems. The name of our game is service.

You're in command. Get all the details now. For further information contact Pat Kams at Kams and Associates, 120 1 College Terrace, Los Gatos, CA 95030, or call (408) 354-0906.
